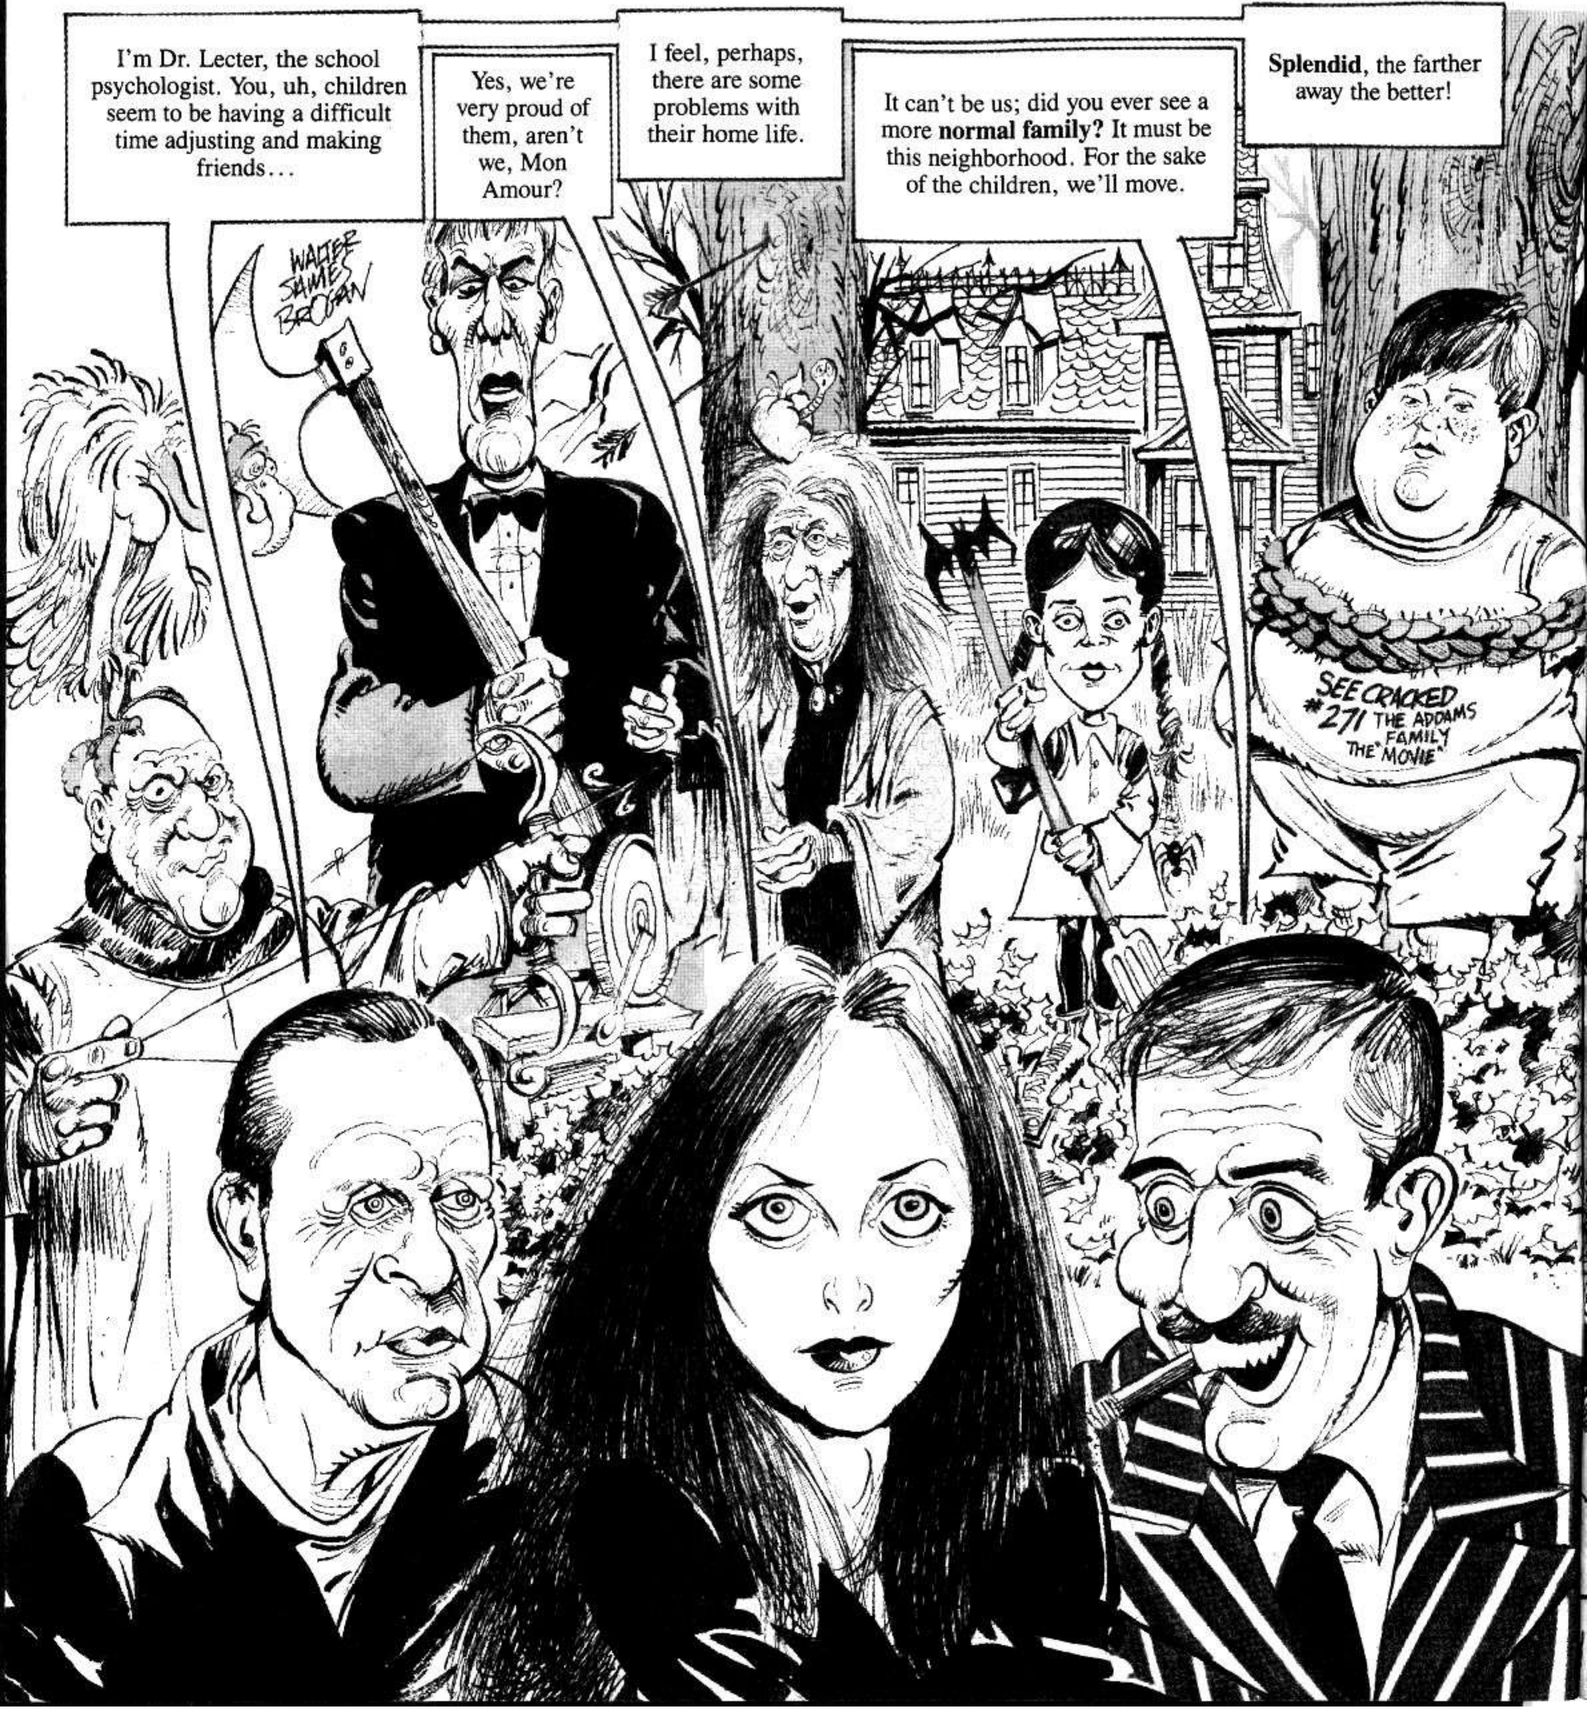
They're back...America's scariest family. No, we don't mean the Kennedys; we're talking real weirdos. Okay, we'll give you a hint: The only plots on their shows were cemetery plots. Need another clue? Bah dah da da-bump snap snap! Yeah, they've returned to our TV screens in glorious black and white reruns...

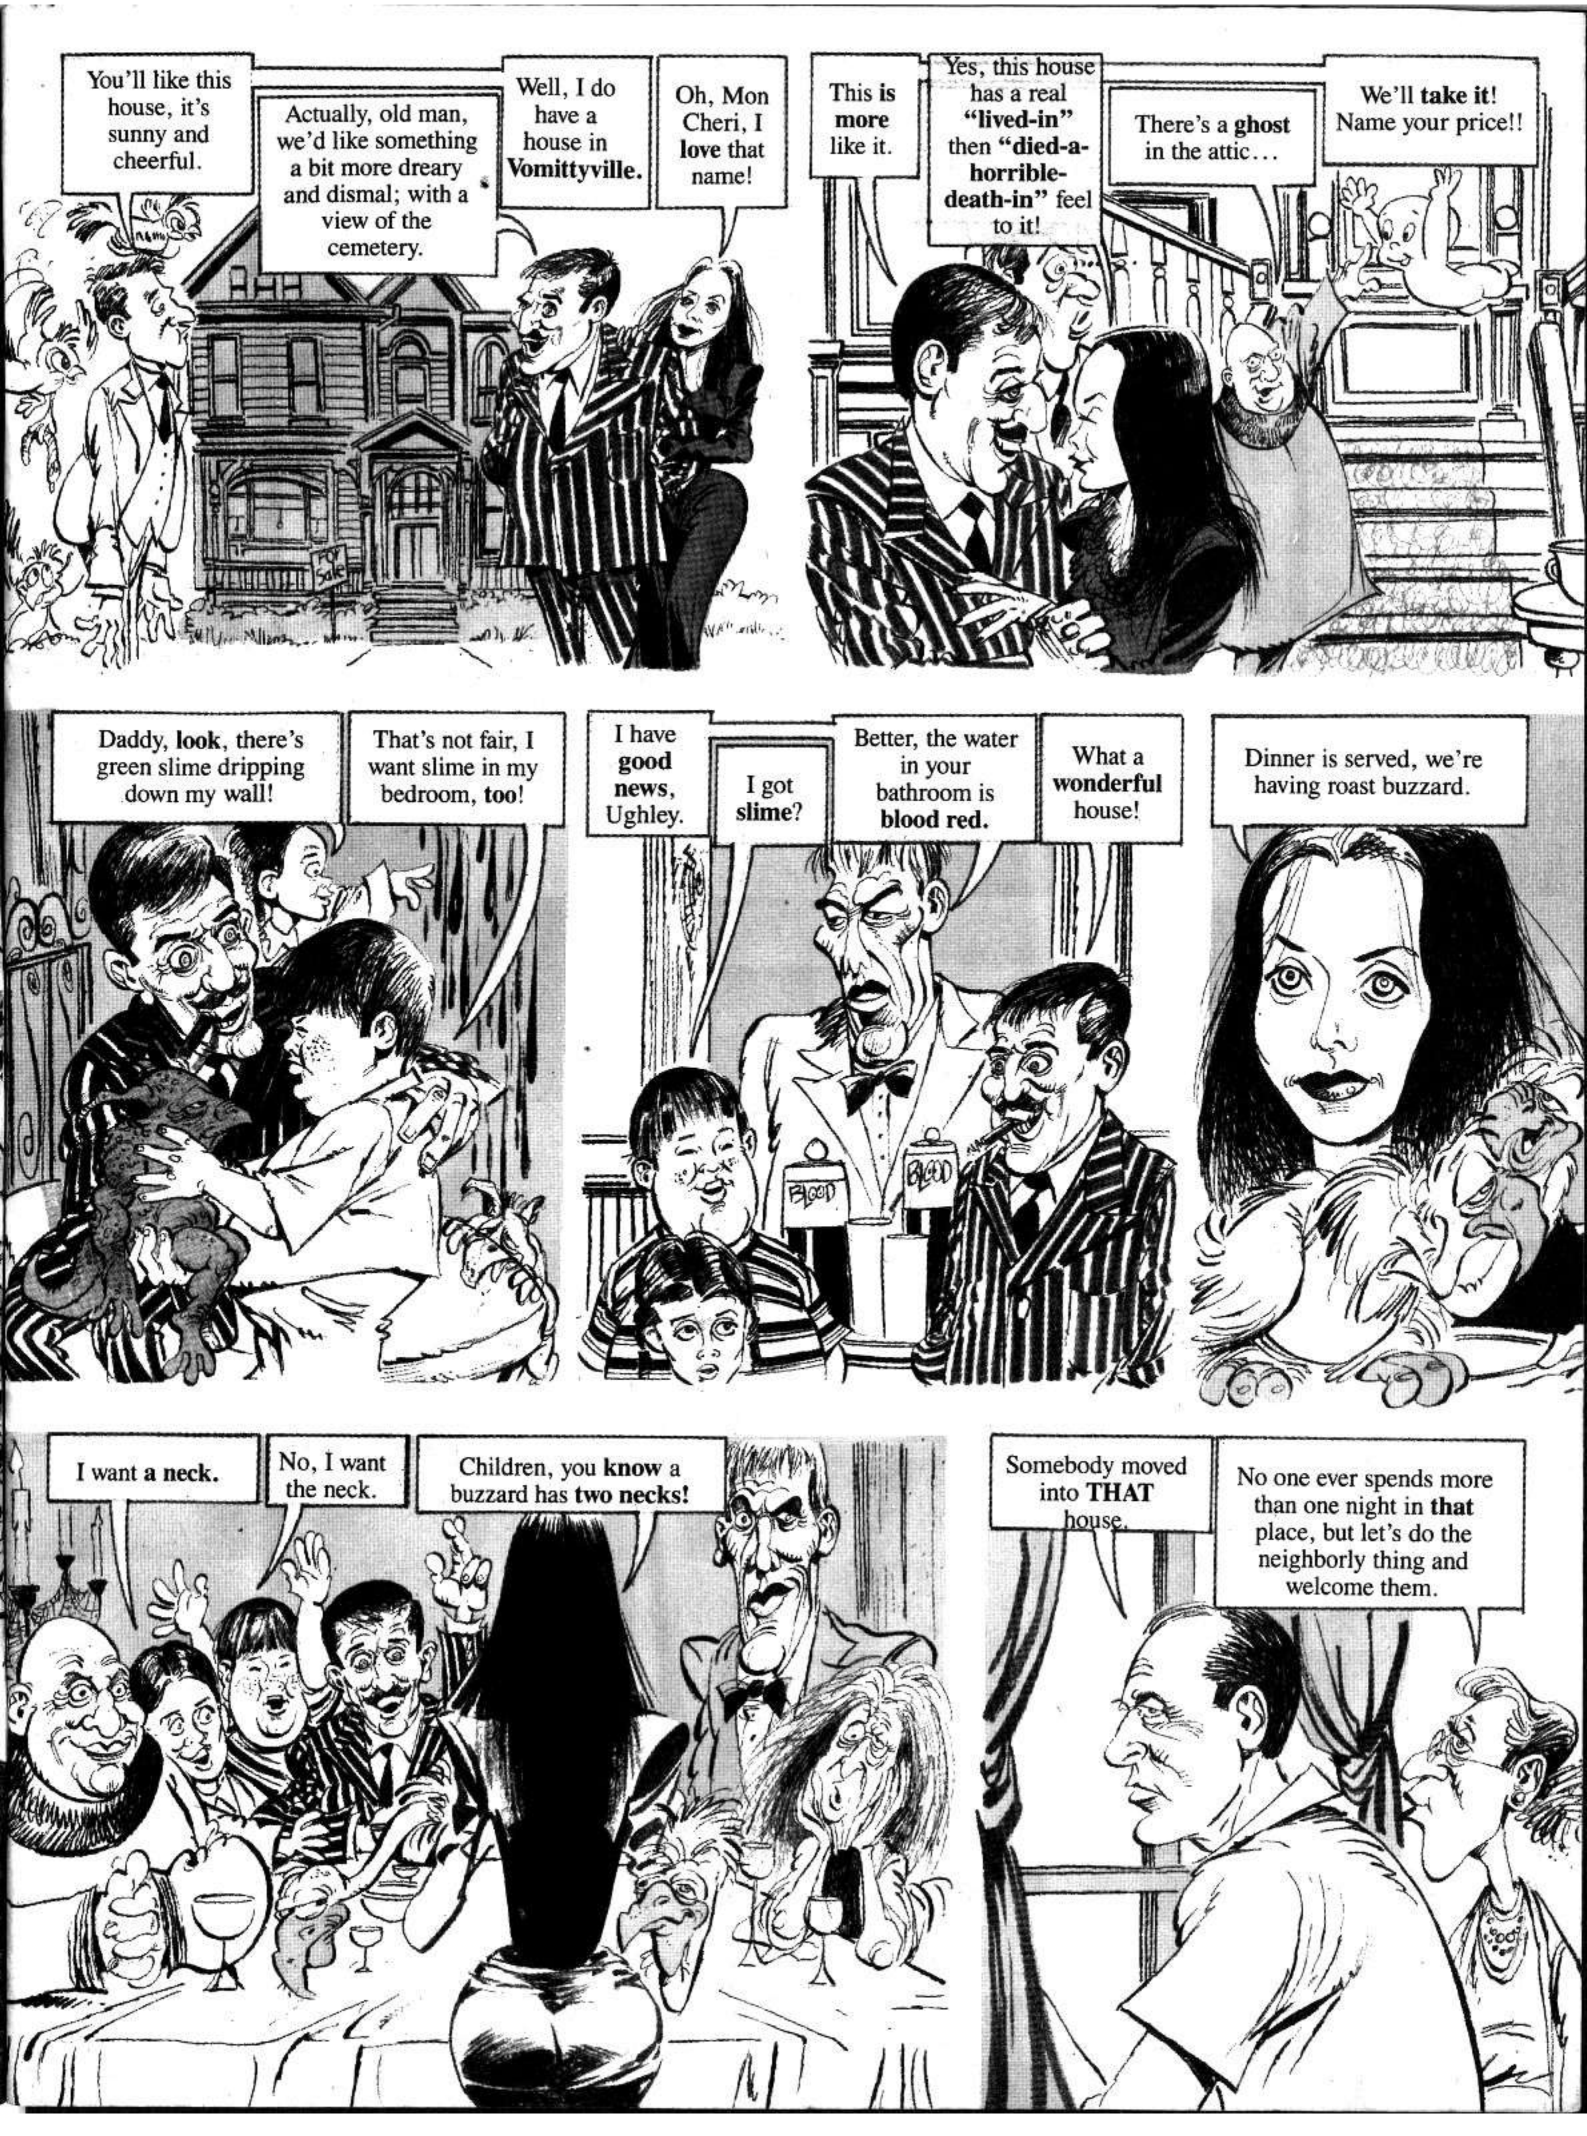
# THE ADDARNS FAMILY

(This is a PG-13 rated magazine)

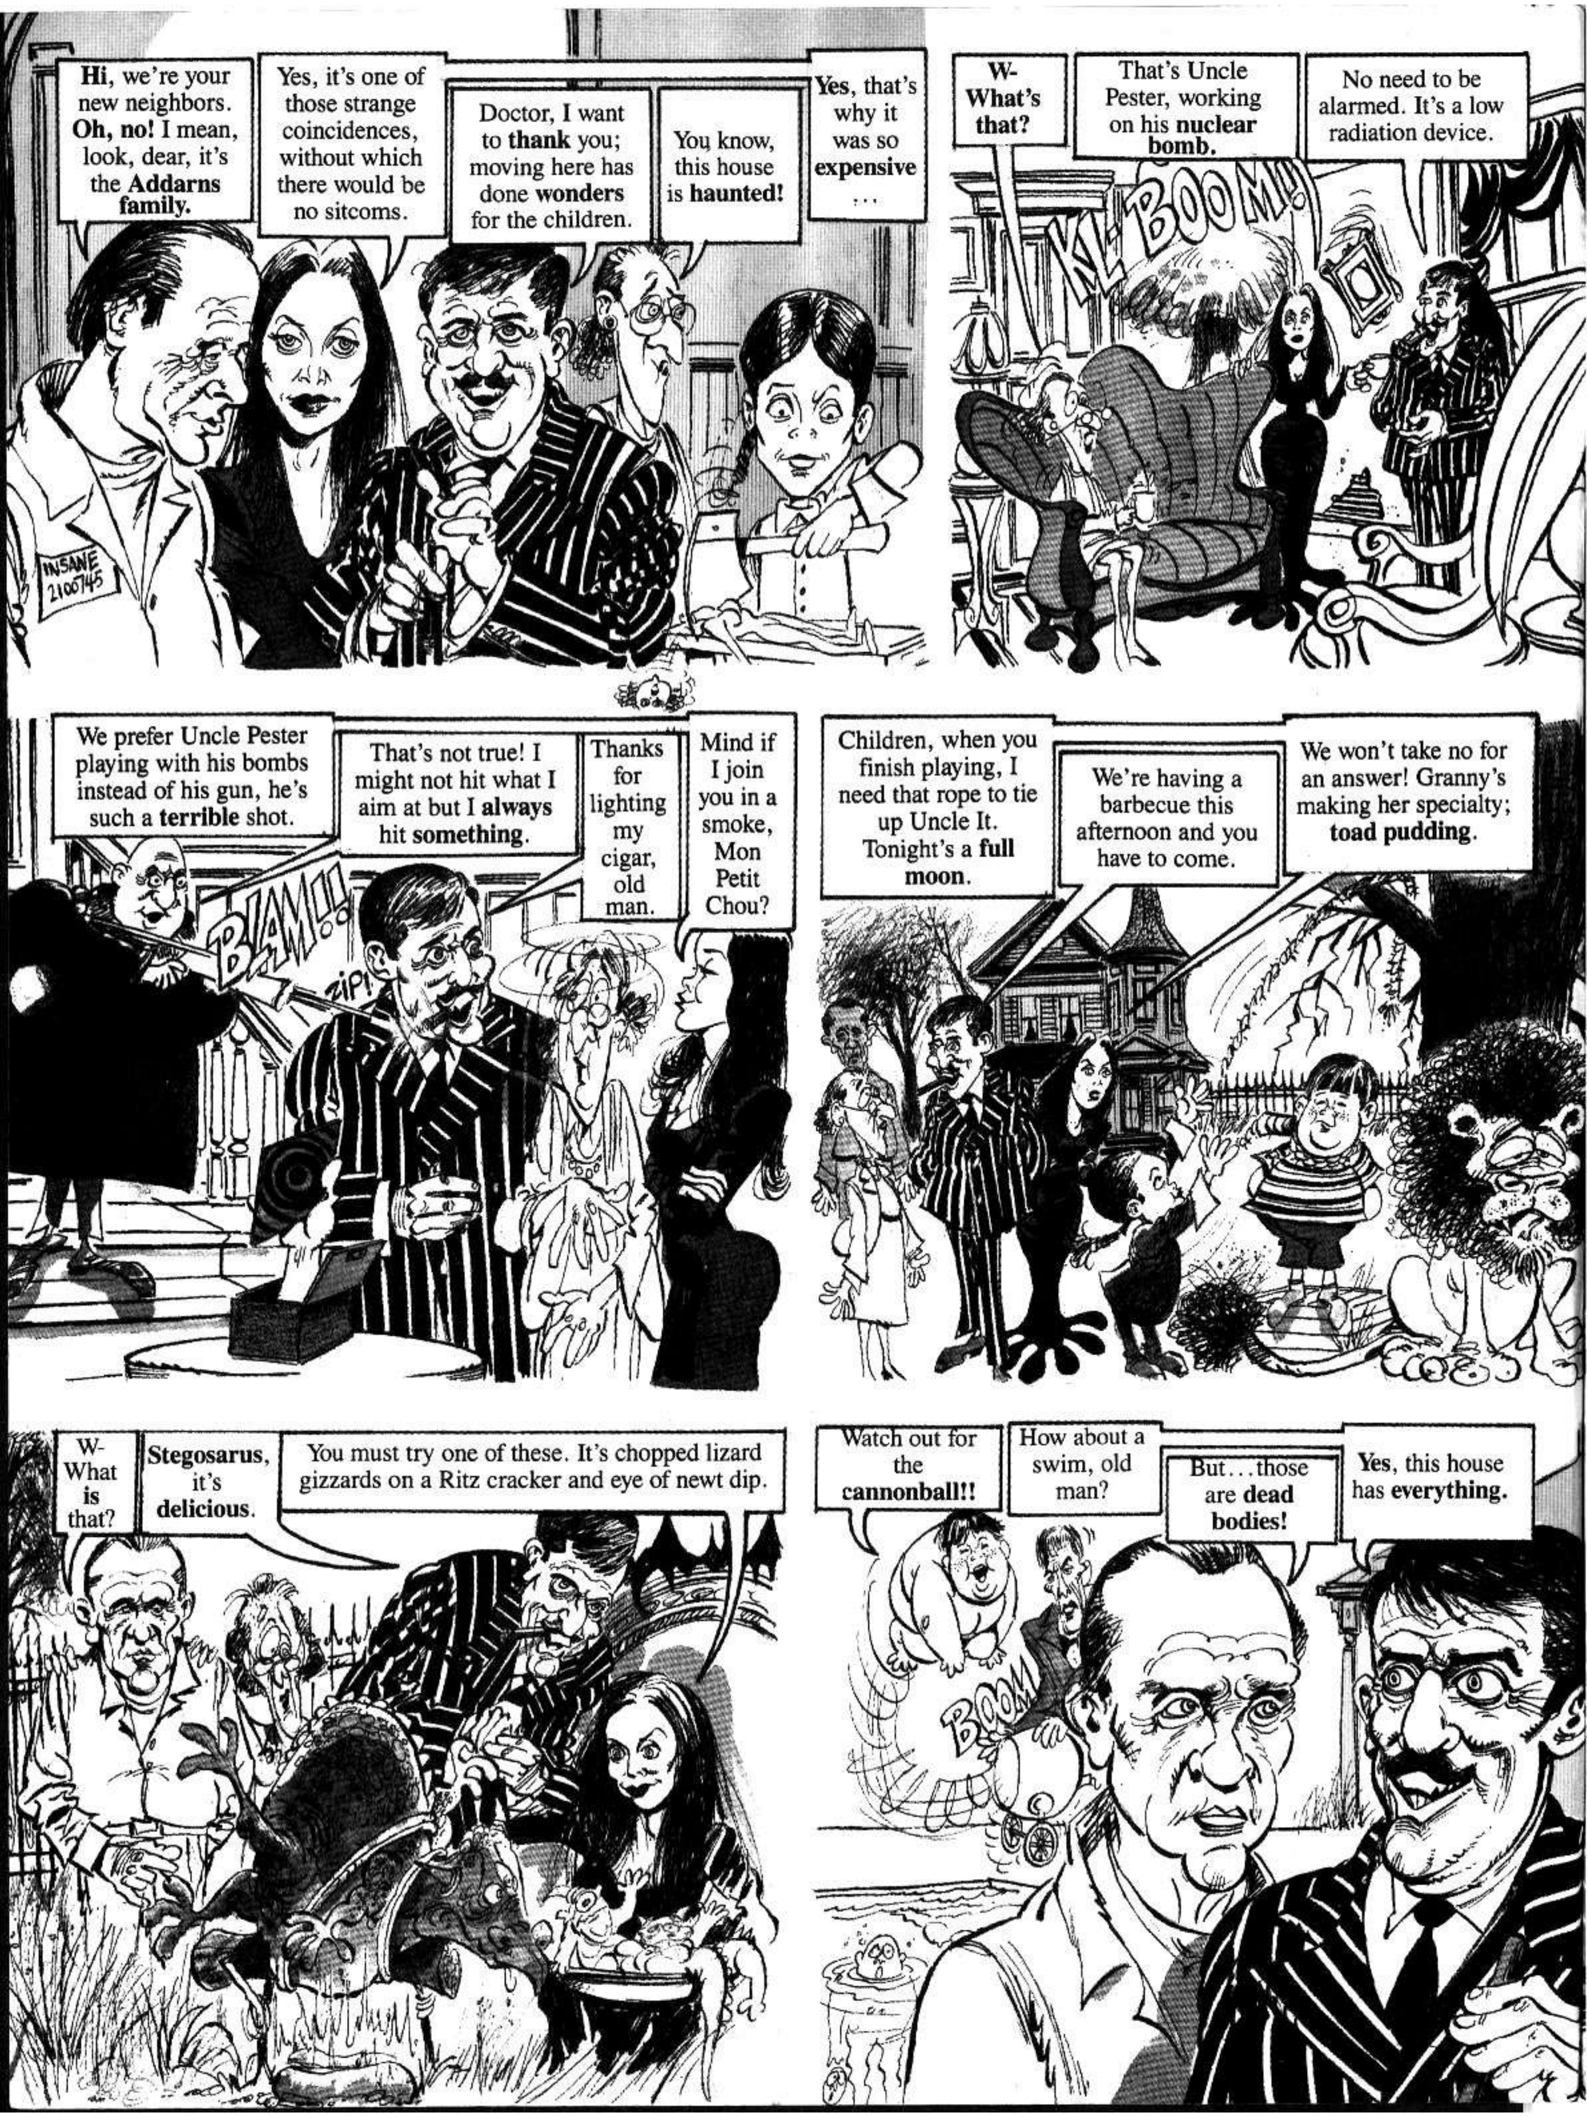
WRITER: LOU SILVERSTONE
ARTIST: WALTER BROGAN



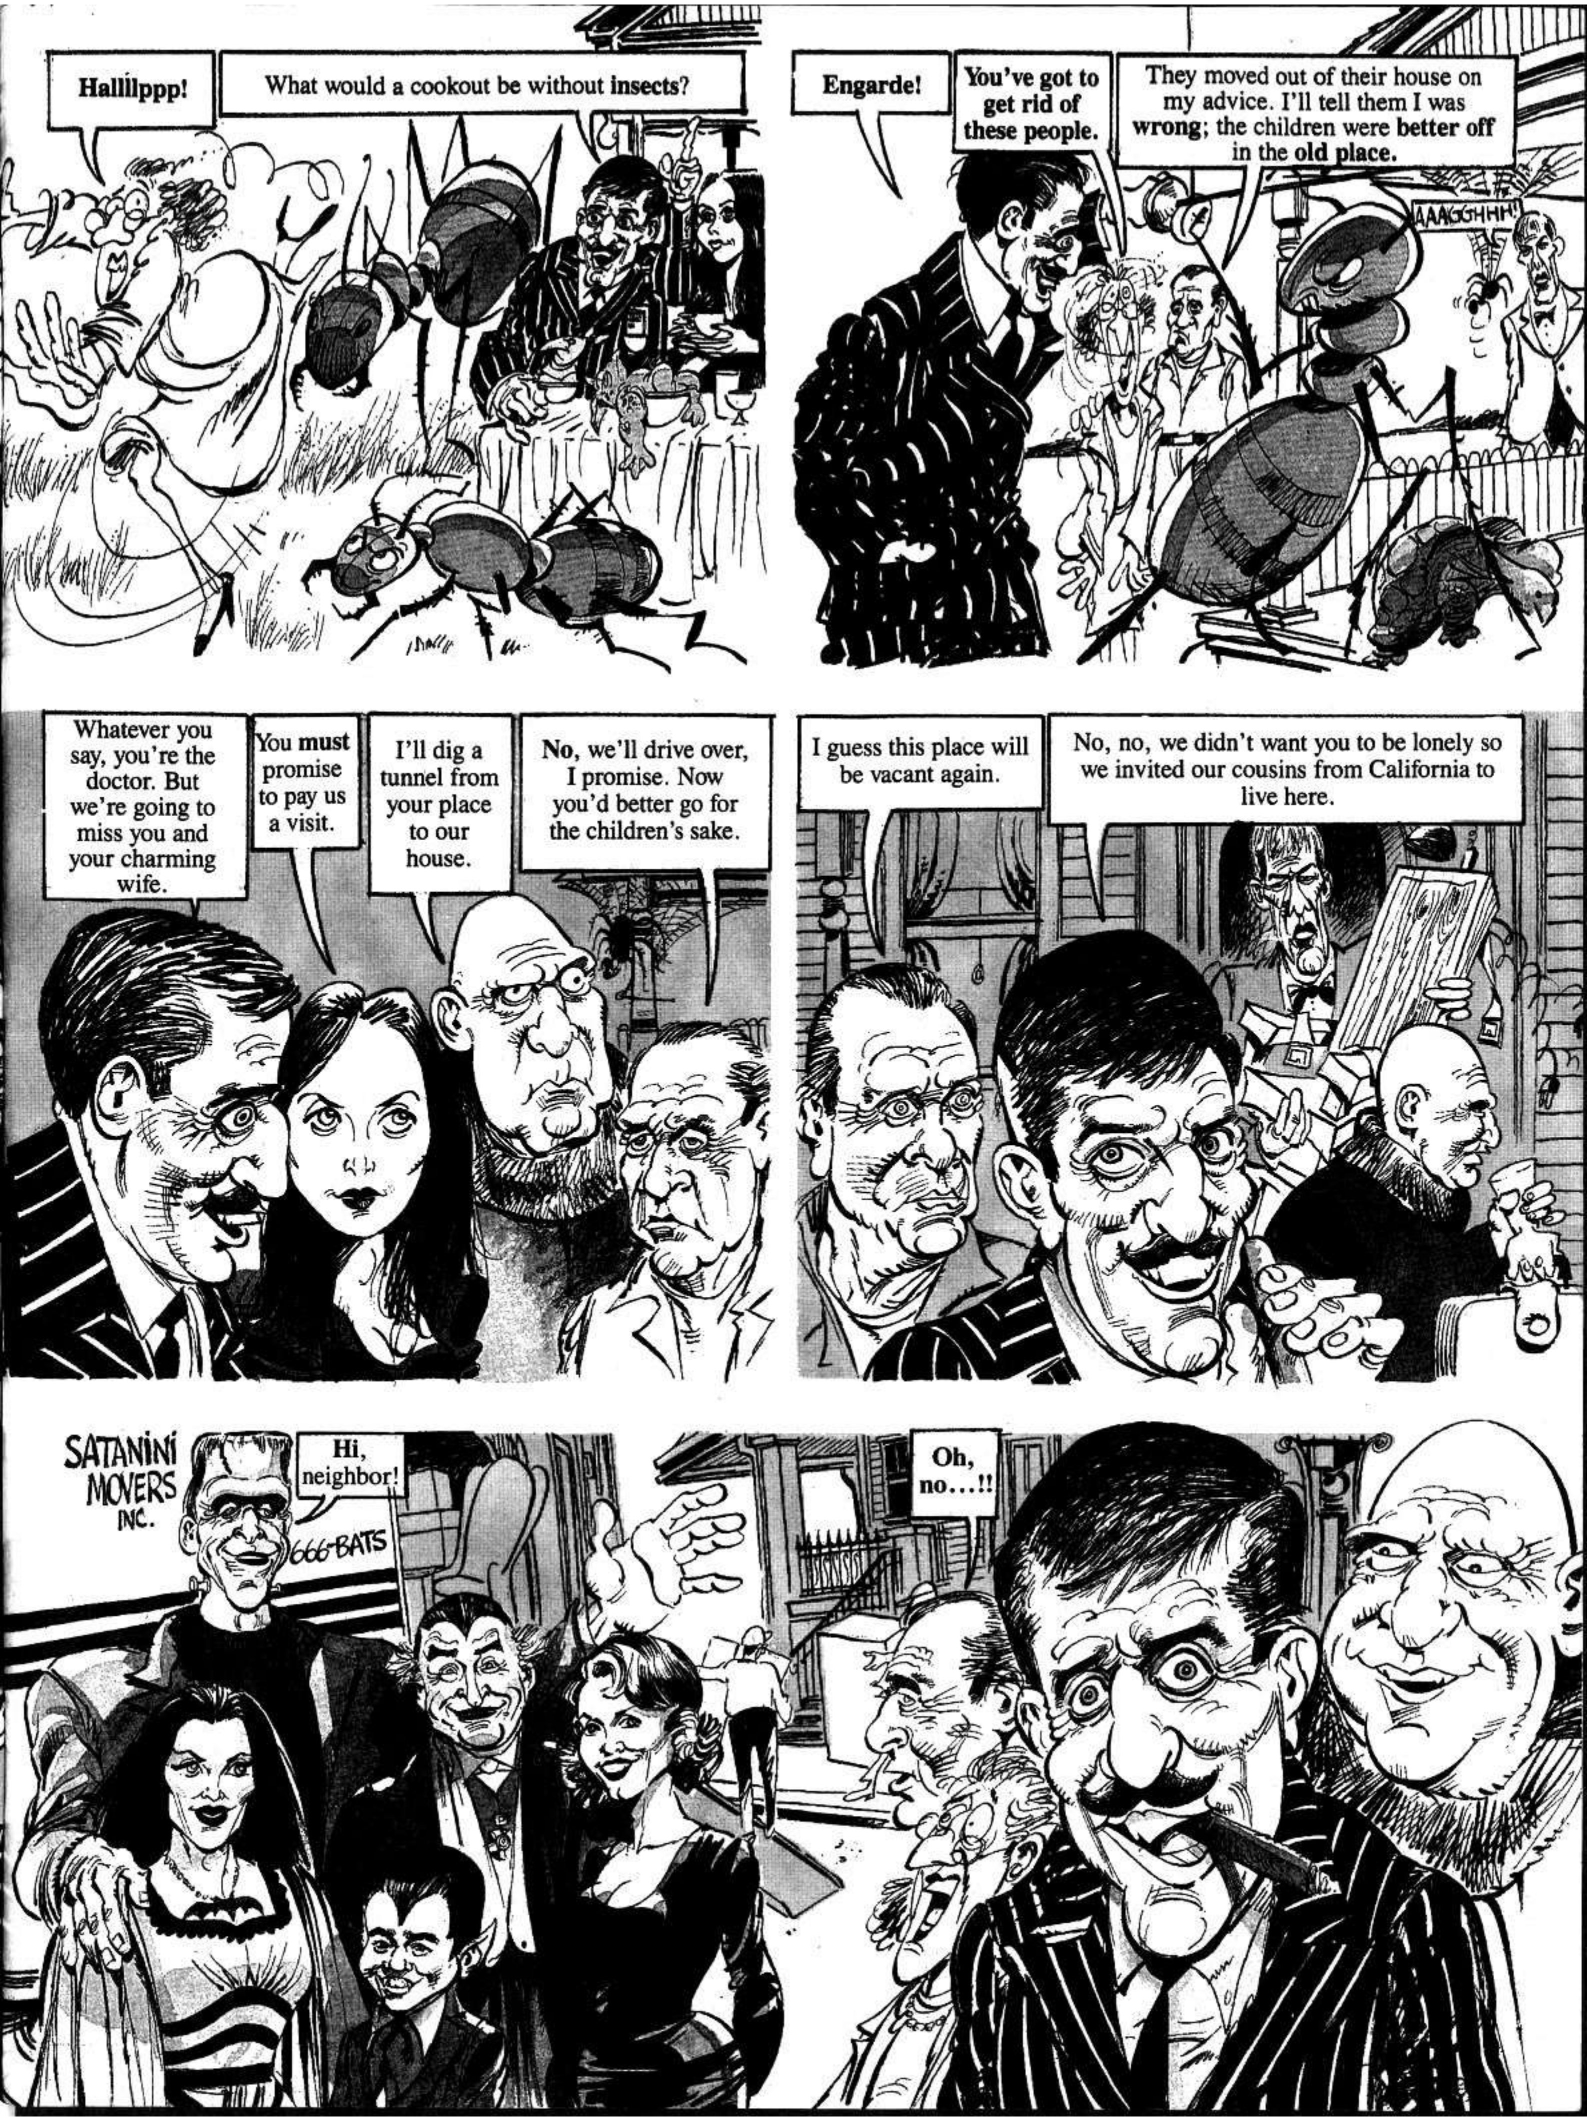
I'm Dr. Lecter, the school psychologist. You, uh, children seem to be having a difficult time adjusting and making friends...
Yes, we're very proud of them, aren't we, Mon Amour?
I feel, perhaps, there are some problems with their home life.
It can't be us; did you ever see a more **normal family?** It must be this neighborhood. For the sake of the children, we'll move.
**Splendid**, the farther away the better!
WALTER JAMES BROGAN
SEE CRACKED #271 THE ADDAMS FAMILY THE "MOVIE"



You'll like this house, it's sunny and cheerful.
Actually, old man, we'd like something a bit more dreary and dismal; with a view of the cemetery.
Well, I do have a house in **Vomittyville.**
Oh, Mon Cheri, I **love** that name!
For Sale
This **is more** like it.
Yes, this house has a real **"lived-in"** then **"died-a-horrible-death-in"** feel to it!
There's a **ghost** in the attic...
We'll **take it**! Name your price!!
Daddy, **look**, there's green slime dripping down my wall!
That's not fair, I want slime in my bedroom, **too**!
I have **good news,** Ughley.
I got **slime**?
Better, the water in your bathroom is **blood red.**
What a **wonderful** house!
BLOOD
BLOOD
Dinner is served, we're having roast buzzard.
I want **a neck.**
No, I want the neck.
Children, you **know** a buzzard has **two necks**!
Somebody moved into **THAT** house.
No one ever spends more than one night in **that** place, but let's do the neighborly thing and welcome them.



Hi, we're your new neighbors. Oh, no! I mean, look, dear, it's the Addarns family.
Yes, it's one of those strange coincidences, without which there would be no sitcoms.
Doctor, I want to thank you; moving here has done wonders for the children.
You know, this house is haunted!
Yes, that's why it was so expensive . . .
INSANE 2100745
W- What's that?
That's Uncle Pester, working on his nuclear bomb.
No need to be alarmed. It's a low radiation device.
KL-BOOM!!
We prefer Uncle Pester playing with his bombs instead of his gun, he's such a terrible shot.
That's not true! I might not hit what I aim at but I always hit something.
Thanks for lighting my cigar, old man.
Mind if I join you in a smoke, Mon Petit Chou?
BLAM!!
ZIP!
Children, when you finish playing, I need that rope to tie up Uncle It. Tonight's a full moon.
We're having a barbecue this afternoon and you have to come.
We won't take no for an answer! Granny's making her specialty; toad pudding.
W- What is that?
Stegosarus, it's delicious.
You must try one of these. It's chopped lizard gizzards on a Ritz cracker and eye of newt dip.
Watch out for the cannonball!!
How about a swim, old man?
But…those are dead bodies!
Yes, this house has everything.
BOOM



Hallllppp!
What would a cookout be without insects?
Engarde!
You've got to get rid of these people.
They moved out of their house on my advice. I'll tell them I was wrong; the children were better off in the old place.
AAAGGHHH!
Whatever you say, you're the doctor. But we're going to miss you and your charming wife.
You must promise to pay us a visit.
I'll dig a tunnel from your place to our house.
No, we'll drive over, I promise. Now you'd better go for the children's sake.
I guess this place will be vacant again.
No, no, we didn't want you to be lonely so we invited our cousins from California to live here.

## DR. JECKYLL and MR. HYDE for LITE BEER

After performing surgery,
I like to relax with a case...
The beer I choose is Swiller Lite,
Of course for its **great taste,**

After I drink all 24,
I get an urge to start killing!
Like night and day I change
And state that it's **less filling!**

## FRANK N. STEIN DESIGNER JEANS

You may go for the classy look,
In Gloria's blue jeans,
Or you may like the rough look,
as worn my Springsteen!

There's just one jean
That may come between
Brooke and her Calvin Kleins...
That's this pair, designed by Frank N. Stein!

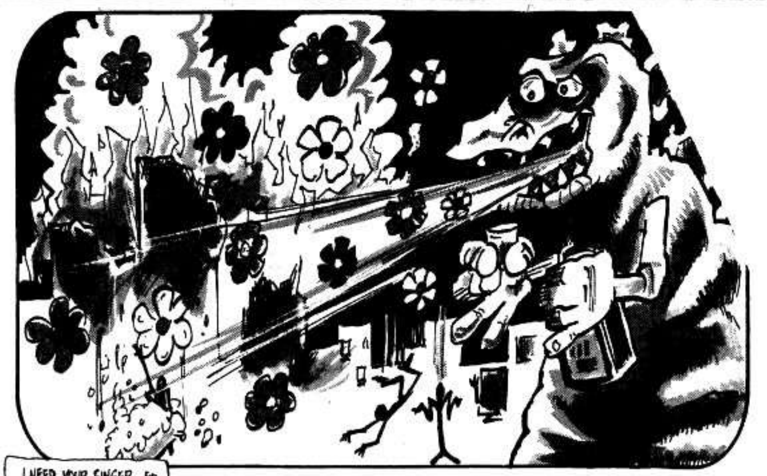
### The MUMMY for CHARMEN

Mr. Whipple says, "Please don't squeeze it!"
He claims it's soft as a feather!
What he doesn't know about the stuff,
Is that it keeps me together!

He knows more than me about Charmen,
I wouldn't even doubt it!
I'm sure he even knows how it feels
To be stuck without it!

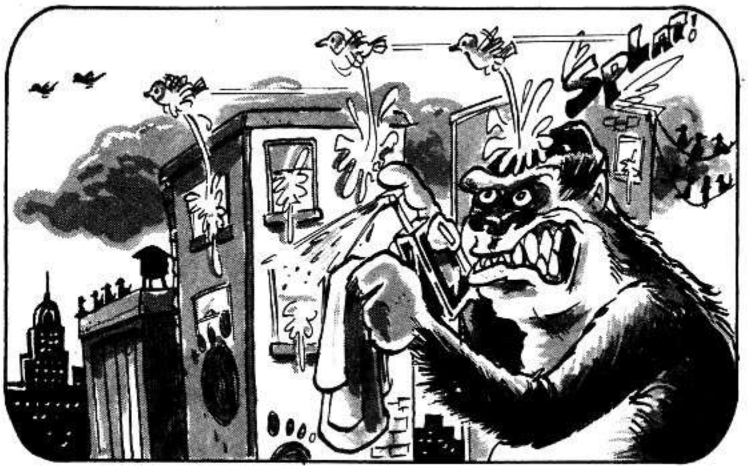


I NEED YOUR FINGER... ER, CLAW PRINT...

### GODZILLA for LESTERINE

When stomping through those cities,
Wreaking pain and death,
There's one thing I worry about,
And that is my bad breath!

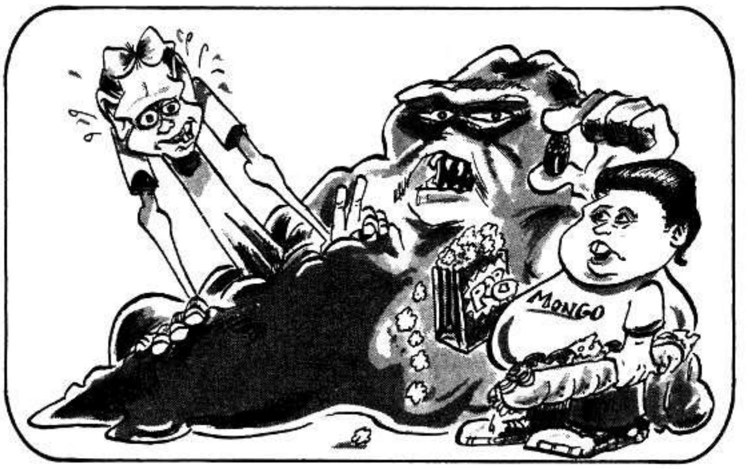
That's why I gargle with Lesterine,
I'm their biggest fan!
Now at least there's a pleasant odor,
As I burn down Japan!



### KING KONG for WINDREX

I love to climb up buildings,
but their windows end up as wrecks,
Though clean up never bothers me,
As long as I have Windrex!

Squirt, squirt and some polishing,
I shine every pane and knob!
The only thing that upsets me,
Is when pigeons ruin my job!



IN THIS CORNER— WEIGHING 1600 POUNDS...
ALL-STAR PRO WRESTLING

### The BLOB for DEX-O-TRIM

I'm trying to lose some weight,
I just can't seem to win!
Now that they got all those diet pills,
I'll try some DEX-O-TRIM!

I know my problem! I eat too much
of my massive dinners!
Now at meals, I cut out fats
And eat only people who're thinner!

### The INVISIBLE MAN for AMERICAN EXCESS

Yeah, I'm considered a celebrity,
a title that is pretty fair.
Yet some times I'm treated by my public,
Like I'm not even there!

The American Excess card is all I need,
and my ID's rarely doubted...
'Cause like my pants and underwear,
I never leave home without it!

IT'S HEADING FOR THE STAPLES!

## An Opening Letter From The Publisher . . .

Hi Gang!
Shhhhh! That was a friendly opening to mislead the wrong people. Listen, I think this place is going Communist, you should see my paycheck . . . somebody is out to get me . . . they are trying to slip a bomb into my typewriter but I fooled 'em, I take it home with me every night!

And my coffee has been tasting weird lately . . . luckily I substituted some for the stuff the coffee wagon lady brings . . . I'll show 'em. Our Janitor followed me home last night but I fooled him, I went into the wrong house deliberately . . . so what if I got my face slapped . . . it was worth it.

Be on the lookout for a special feature in the next issue called, "How To Find Hidden Bombs In Your House." It was supposed to be in this issue but the author was afraid to mail it to me . . . he suspected a bomb in the mail box or in the post office . . . isn't that silly? . . . everybody knows they always bomb the package itself.

Some final word of advice . . . if the subscription department here offers you a special rate, be on your guard! They are really from Mars and trying to take over this country through PARANOIA NEWS. They make me pay $20 for this lousy magazine. A year! And I own the d___ thing!

Well I gotta go now . . . I suspect that my wife is using nerve gas to cook my food and I'm gonna sneak home early today and catch her!

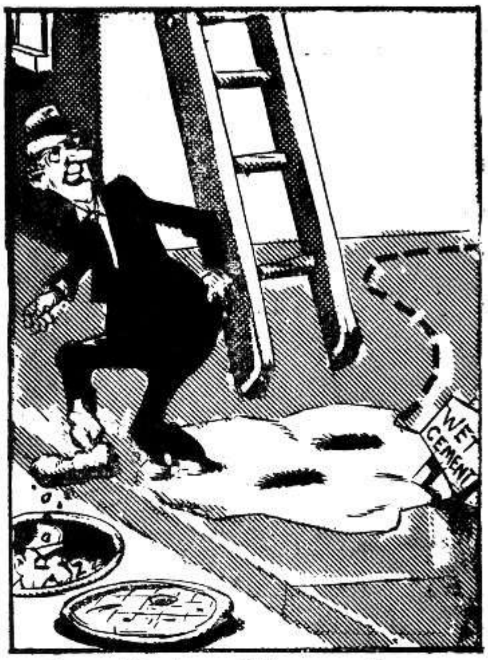
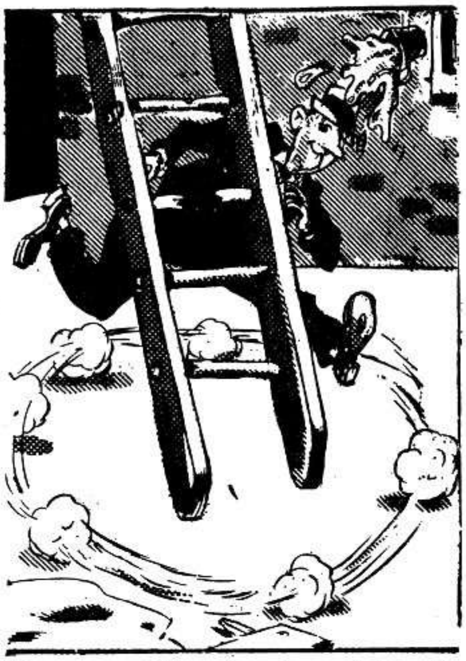
# HOW TO CURE

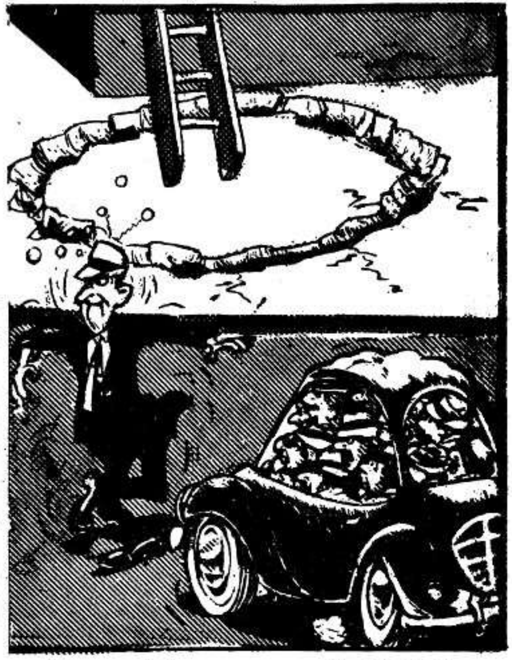
Superstitions are always a big drag to the people who have them. They make life miserable because you waste so much energy avoiding fears that are really imaginary. Now the best way to get rid of a silly superstition is to keep on doing just that thing you are afraid of. In this way you'll soon see how unfounded your fears are. For example, to show you what we mean, here are Cracked's suggestions on . . .



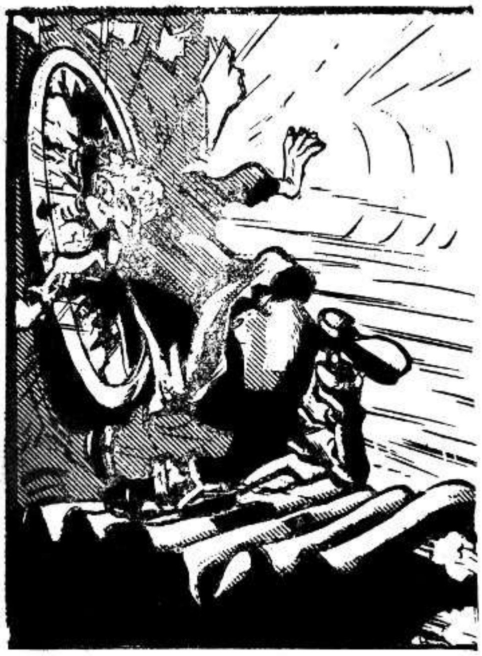
Fear that walking under a ladder will lead to harm.



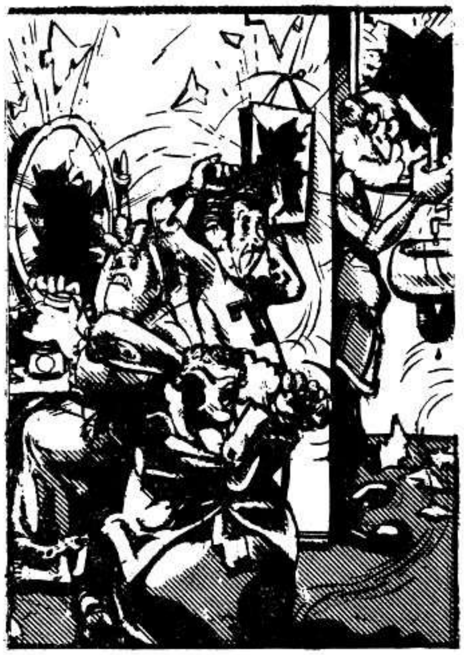
Keep walking back and forth under ladder for about an hour.



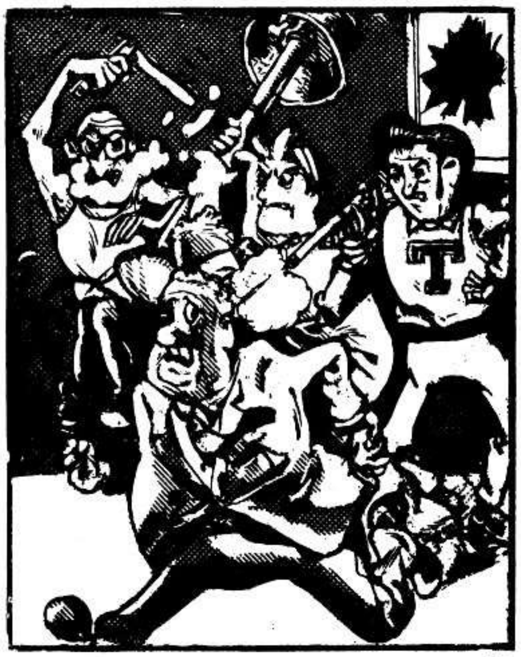
You will soon see that you have left the spot unharmed.



Fear that breaking a mirror brings seven year's bad luck.

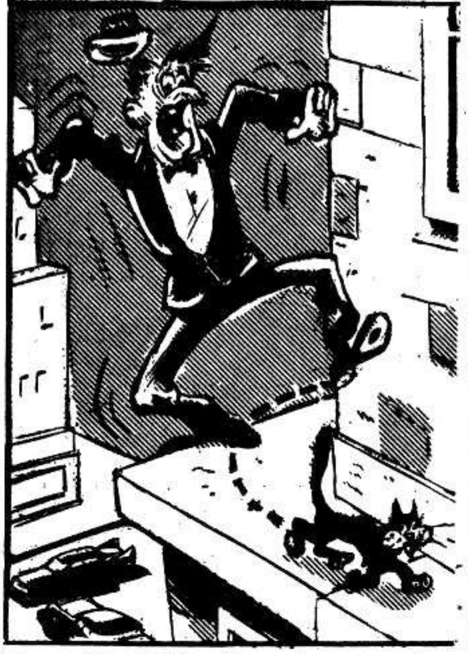


Go around and start breaking up every mirror in sight.

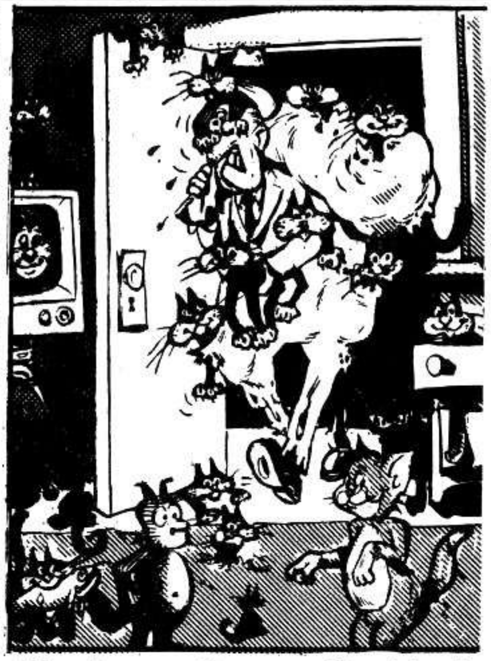


You will soon find out you won't have seven year's bad luck.

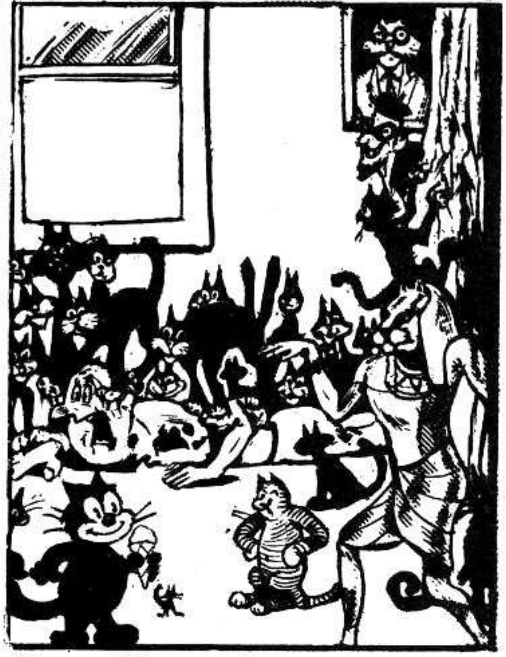
# SUPERSTITIONS



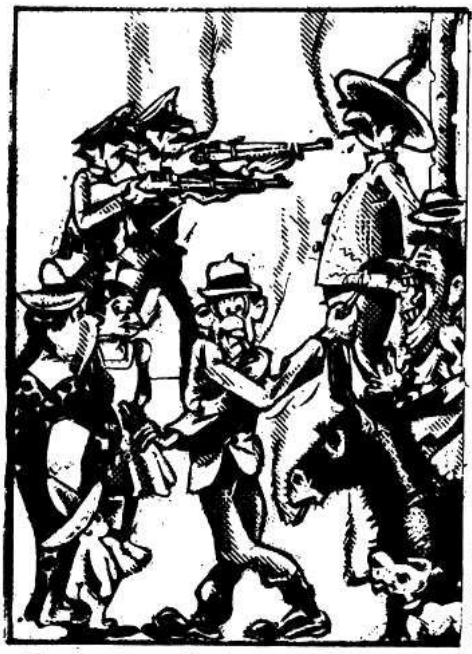
Fear that black cats crossing your path should be avoided.



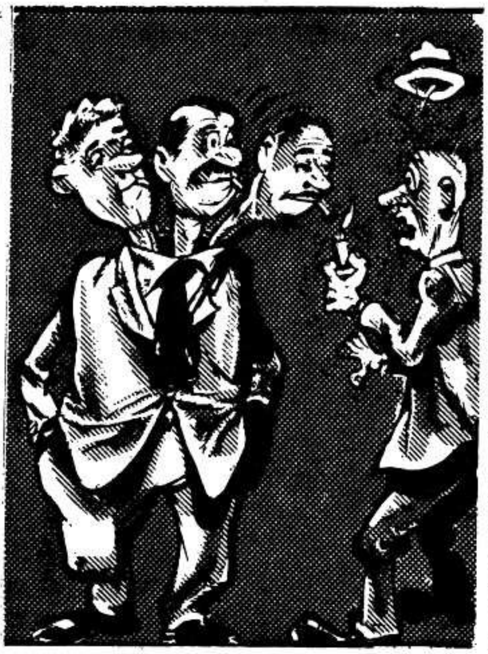
Start rounding up the black cats in your neighborhood.



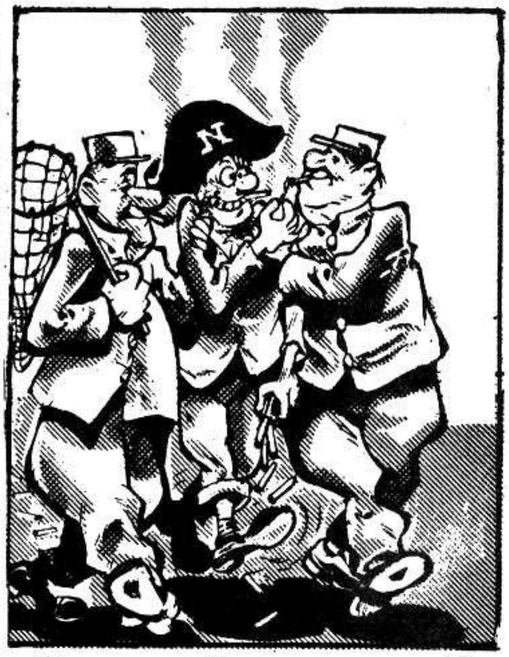
You will soon become aware of their affection for you.



Fear that lighting three a match is very dangerous.



Keep lighting cigarettes for every three you come across.



You soon discover yourself removed from any danger.

**Ever wonder what it would be like if the great old movie monsters of the past were around today? Well, you needn't wonder anymore, as we now present. . .**

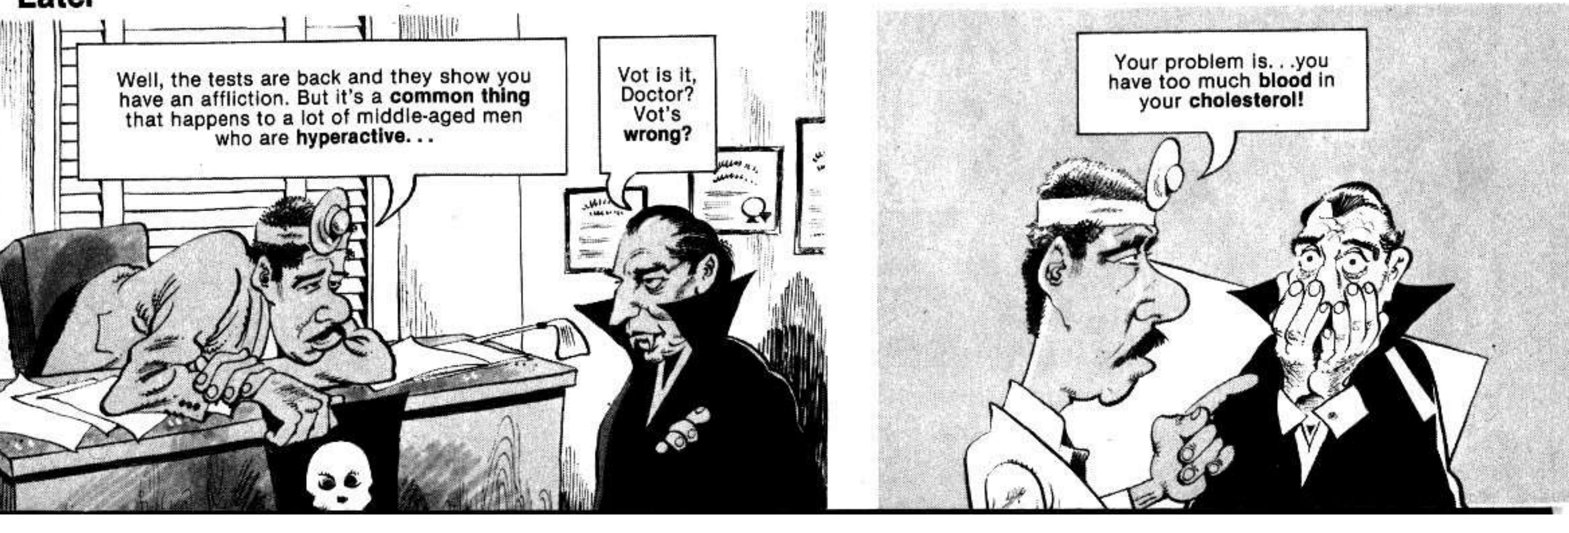
You do look a little **healthy.** Your cheeks have **color** in them. . .that's a **bad** sign. Maybe you've been biting off more than you can chew lately? We'll run a few tests!

**Later**



Well, the tests are back and they show you have an affliction. But it's a **common thing** that happens to a lot of middle-aged men who are **hyperactive. . .**

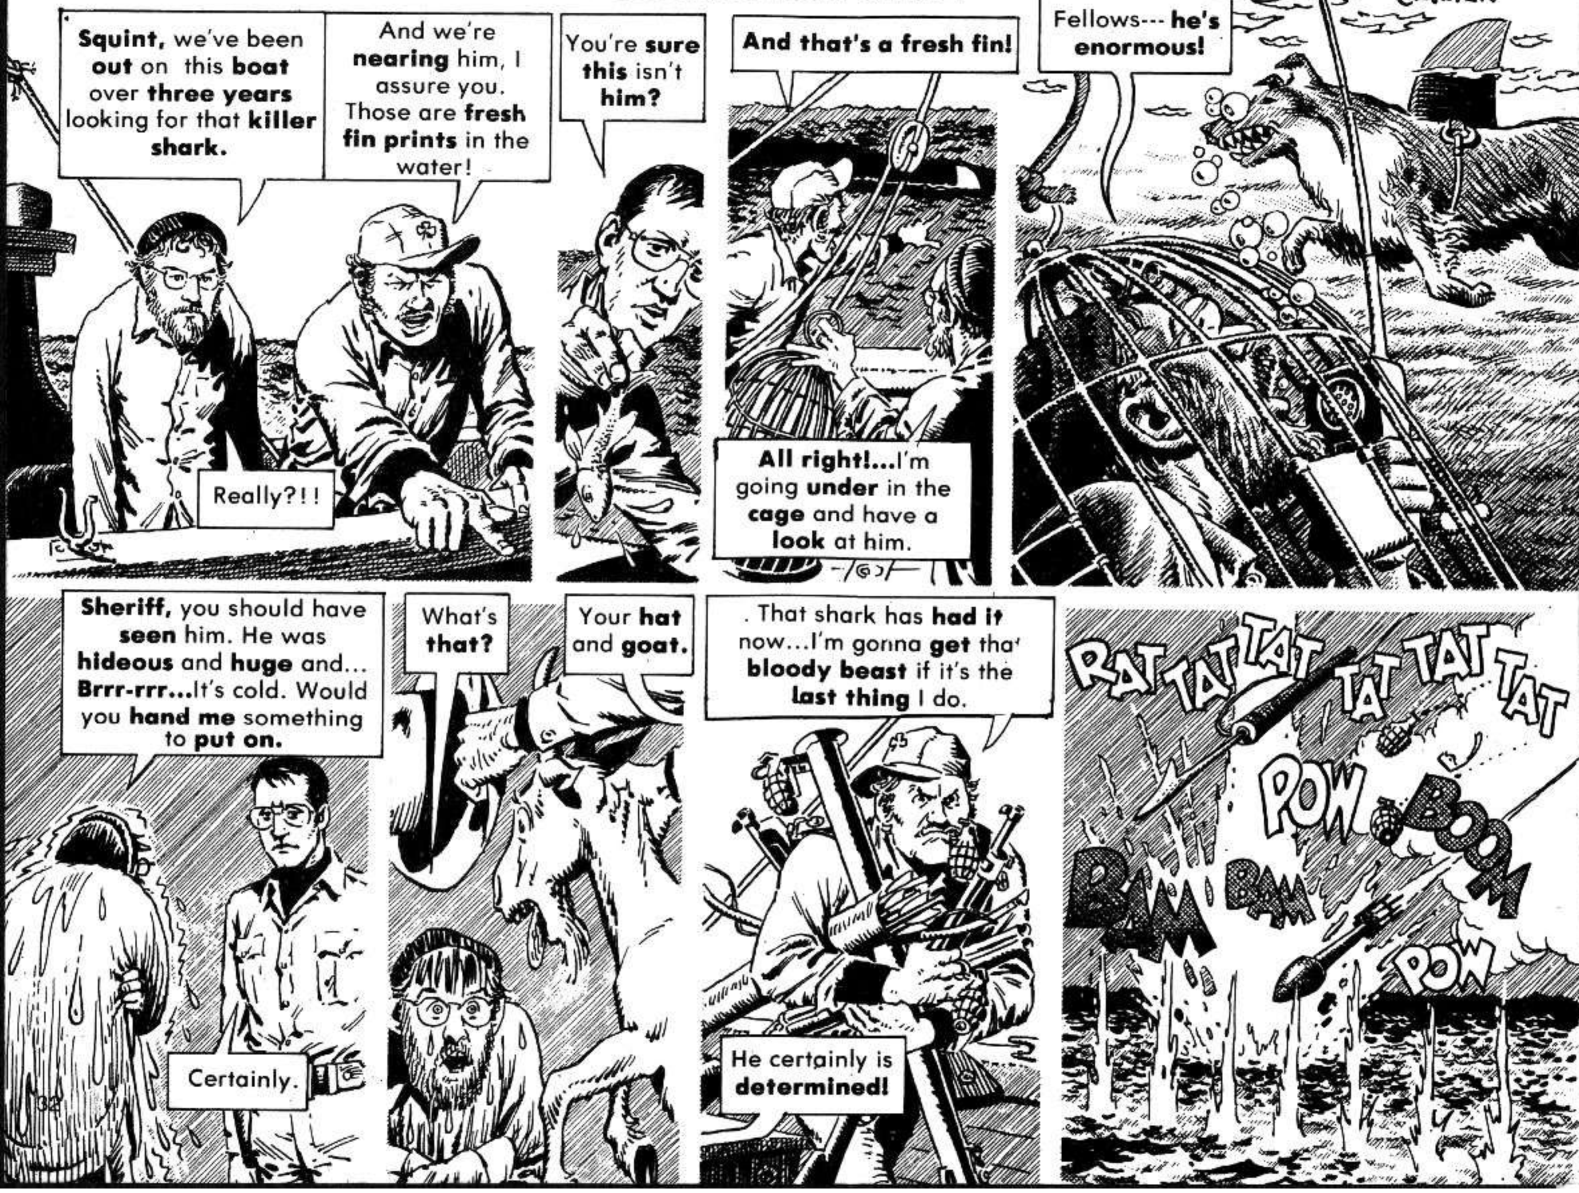
**CRACKED?** You mean this isn't for **FAMOUS MONSTERS?**

**Whenever you turn on the TV to watch Kotter or go to a movie to see something like "The Godfather", if the performances of the leads are good, those actors in those parts are forever fused together in your mind as one. But what if others had played these roles? Would the movies or shows have been as good? No need to wonder any longer, for in this next article, CRACKED takes a look at what might have happened·**

# IF OTHER ACTORS PLAYED THE PARTS MADE FAMOUS BY SOMEBODY ELSE

### IF LASSIE PLAYED BRUCE THE SHARK FROM JAWZ



SEVERIN
Squint, we've been out on this boat over three years looking for that killer shark.
And we're nearing him, I assure you. Those are fresh fin prints in the water!
Really?!!
You're sure this isn't him?
And that's a fresh fin!
All right!...I'm going under in the cage and have a look at him.
Fellows--- he's enormous!
Sheriff, you should have seen him. He was hideous and huge and... Brrr-rrr...It's cold. Would you hand me something to put on.
Certainly.
What's that?
Your hat and goat.

Is that Tender Leaf tea you are drinking?
I'd give my right arm to be able to attend your master's party!
You would?
You can't beat the horses. I only bet on football teams.
Is that why they call you the hunch backer of Notre Dame?
Yes! Let's go to my crypt for a little necking!
So you think I'm a toothsome dish. . .

# MADAME FATAL'S ADVICE TO MONSTERS

COUNSEL YOU CAN'T GET ELSEWHERE, FROM A FRIGHT SISTER.

Madame Fatal, Your Ladyship,
I'm a very soft-spoken, solid citizen, law-abiding monster. But ever since grammar school, I've been afraid of being **buried alive!** We had this teacher in Third Grade, **Miss Medusa, a real beast**; with snakes in her hair and all! For punishment, she would put us in a coffin and close the lid! Once, she left **me** in there through a whole Rest Period! How can I prevent my greatest fear—**being buried alive?!**

Aramis Spindelgosh
Hemp, New Hampshire

**Madame Fatal: Not to worry! There's a firm in Velocity, Georgia, that manufactures the Ejection Couch Coffin. A large explosive charge is situated just below the "departed". Should the subject be alive, there is a switch primed for delayed detonation. Taking mourners and graveside diggers into consideration, of course. The charge has a shelf life of only TWO WEEKS. The erroneously interred has full grasp of the dilemma in less than a week. You may see this wonderful labor-saving device in the current THE SHARPEST IMAGE catalogue.**

Dear Madame Fatal,
We lost a good freak this week, **Humpy Humperdinck**, the **Hunchback of Sausalito**. He wasn't one of them bell-tower Hunchies; he had great respect for marine life and went around rubbing sunscreen on beached whales. We wanna give him a **burial at sea**, that is, in the Bay. How can we make it into a **first class event**, for old Humpy?

Friends of Humpy
San Francisco, Ca.

**Madame Fatal: Roll him up in a sheet of canvas, in the shape of a humpback whale. Then, get yourselves a bunch of easy-flow markers, waterproof, and write bright sayings on the canvas shroud. You know, like, "It doesn't get any better than this!", and, "Beam me up, Neptune!" Then, ease him off the Golden Gate Bridge.**

Dear Madame Fatal,
Our family's been in the **grave-robbing business** for four generations. We sell cadavers to unscrupulous medical schools. It's become much more risky since great-great-grandfather established the business. You know, dealing with the punks who made a sacrilege of our anointed enterprise, as they make a ruckus toppling headstones. Besides, with all the **gang wars** there's an overabundance of stiffs. Would you advise me to get into **crematoriums?**

Reggie Mortis
Mudslide, Tenn.

**Madame Fatal: No, no! There are more crematoriums in the country than comedy clubs! Forget crematoriums, think ashes!! It's the big receptacle shortage, friend! Think "urns"!!!**

# What many men learn too late about retirement. . .

**Money becomes a bigger problem than ever unless plans are made when you are young. (When you are about 95 years old)**

**Did you ever stop** and think, monsters, when the job is over and those regular paychecks stop coming, many a fiend discovers he has to pinch every penny just to pay the rent on the tomb or dungeon?

**You can avoid** such unhappiness if you prepare for your retirement. Start putting something aside every day. Like a pint of blood, a few spare parts for your head, a file to sharpen your teeth.

The economical way to do this is to set up a Transylvania Life Retirement Plan now. This plan will come in real handy when you find you are too old to fly—too old to climb over graveyard walls—too old to crawl through damp, foggy swamps.

**So why put it off?** For a retirement plan to fit your needs, phone, write or fly over to your nearest Transylvania agent. The man with a heart and two heads.
